MARCH 28

HOW TO DESIGN WITH NATIVE PLANTS

Your Road Map to Backyard Design and Stewardship

Any homeowner, gardener, teacher or landowner interested in helping the environment can benefit from this training on restoring ecology to your backyard. Learn to measure your water, carbon, nutrient and pesticide footprint and reduce your negative environmental impact while you create great bird habitat. The class will teach you a simple step by step process to create a beautiful yard, great curb appeal, limit stormwater and flooding, save money, and improve property value and your community's sense of place.

In support of Audubon's Bird Town Program
 Co-sponsored by Bucks County Audubon Society

**Newtown Township
 Public Meeting Room
 100 Municipal Drive
 Newtown, PA**
